

Circular Tech Hub

Giving technology more than one life

Europe's Largest Tech, Startup & Digital Investment Event

Date

30 June - 01 July 2026

Location

Messe Berlin, Germany

Circular Tech Hub at GITEX EUROPE 2026 is specifically designed as a B2B-focused tech event for the trading and distribution sector of the mobile and consumer electronics industry in Europe.

The Circular Tech Hub is a crucial event for securing supply, guaranteeing quality, building partnerships, and positioning your business at the forefront of the sustainable, high-growth secondary smartphone market.

Growing Market Segment

A significant focus of the Circular Tech Hub is the Secondary Market, driven by a rising demand for sustainable tech and the circular economy.

Fastest-Growing Segment: Refurbished and used devices (like Apple iPhones), gaining traction due to affordability and reduced environmental impact.

Key Focus Areas

The core function of Circular Tech Hub is to provide state-of-the-art matchmaking and networking opportunities with Global Distributors & Wholesalers.

Primary Industry Focus: Distribution and Circular Economy of Mobile Devices and Consumer Electronics.

Attendees: Thousands of visitors from the Mobile/Consumer Electronics Industry, with over 2000 companies expected to visit.

Exhibitors: Major Distributors & Wholesalers from across the world, specialising in:

- Brand new / Used Phones
- Accessories
- Consumer electronics

Networking and Partnership Opportunities

Meet Key Decision-Makers; bringing together manufacturers, suppliers, investors, retailers, and industry leaders under one roof, providing a high-impact setting for B2B meetings and partnership discussions.

Forge Valuable Connections with industry peers, discovering potential partners, and deepening existing relationships face-to-face.

Build a Reliable Supply Chain by connecting with companies that offer large-volume sourcing and transparent trading infrastructure.

Market Insights and Innovation

- Stay Ahead of Trends and aligned with the latest market trends.
- Discover Cutting-Edge Solutions
- Gain Competitive Intelligence.
- Learn about new Regulations and industry Standards

Sustainability and Business Growth

- Capitalise on a fast-growing Market
- Promote Ethical and Environmental Responsibility
- Enhance Brand Visibility showcasing your products and innovations alongside global tech giants.
